

PRODUCT CHANGE NOTIFICATION

PCN No: RXM-GPS-SG_041910-1

Issue Date: Apr 19, 2010

Change Type: Minor

Affected Product:

RXM-GPS-SG

Description of Change:

The RXM-GPS-SG GPS receiver is undergoing some general updates:

1. The GPS chip is now halogen free.
2. Firmware receive routines are optimized to improve sensitivity and TTFF.
3. Input message 103 – Query/Rate Control now allows a specific NMEA message to be queried rather than waiting for it to be output automatically.
4. Firmware updates to address a patent infringement lawsuit brought against SiRF.

Reason for Change:

Improve field application usage and performance.

Effect on Form, Fit, Function, Quality or Reliability:

Form: No change.

Fit: No change.

Function: Improved sensitivity and TTFF; improved capabilities for input message 103.

Quality: No change.

Reliability: No change.

Anticipated First Ship Date:

6-1-10.

Qualification Data:

Qualification plan specifics are not for general release. Please contact Linx directly for additional information or assistance.

Last Time Buy Date:

No formal last time buy date has been established. Product with new firmware will be supplied as existing inventory depletes.
